1868 meeting with
Allyn Collins Vert

A black and white photograph showing the exterior of the submersible Alvin. The vehicle is white and cylindrical, with a large circular hatch at the top. On the side of the hull, the name "ALVIN" is printed vertically. Below the name, the identification code "MS 52M" is written. There are several circular ports or windows along the side of the hull. A metal ladder is attached to the left side. A circular hatch is visible near the bottom center. The background is dark, suggesting an indoor or nighttime setting.
